HERBGARDEN
knitwear

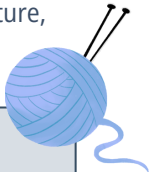

HOW IT WORKS:

Are you tired of spending weeks on a knitting project only to never wear it when it's finished? It doesn't have to happen again!

Use the table below to determine what is important to you in knitwear. Look at your favorite pieces and note their characteristics, such as color(s), fit, and fiber type. You can also write down other important characteristics in the blank columns.

Then, identify which characteristics the knits you wear most often have in common. Do they all have similar colors or fit similarly? In what ways are they alike? In the future, consciously choose new projects with these same characteristics that you enjoy the most, and you'll never knit things you don't like or don't wear again.

Hint: If you haven't knit many pieces yourself (yet), look at your favorite purchased items in your closet. What do you particularly like about them?

Favorite Knit	Color(s)	Gauge / Needle Size	Fiber Type (e.g. wool, cotton, silk, alpaca, ...)	Construction (e.g Drop Shoulder, Circular Yoke, Set-In Sleeve, ...)	Fit / Ease (e.g. fitted, oversized, with positive / negative / neutral ease, ...)	Fabric Characteristics (e.g., lace, cables, colorwork, ...)
